President's Request For Philippine Legislation During This Session.

SENATE HOLDS IT AN IMPOSSIBILITY.

Ship Subsidy Proposition to Be Side-tracked In Favor of Other Business—Brief Fore-cast of Congress.

Washington, Jan. 28.—A variety of subjects, including appropriation bills, the war revenue reduction bill, the ship subsidy bill and to some extent the Philippine question, will claim the attention of the senate the coming week. Today Mr. Towne spoke on the problems involved in the government of the Philippines. Mr. Towne sustained his reputation as an orator. Increased interest in the Philippine question has been aroused by the president's request of the senate for early legislation on this subject, but even senators who would like to see legislation during this session admit the impossibility of taking up the matter seriously until the report of the Taft commission can be printed.

Senator Aldrich, chairman of the finance committee, has given notice that he will ask the senate to take up the war revenue bill early this week. The understanding is that he will press that question to the exclusion of all other bills except appropriation bills. Being a revenue measure, it will take precedence of other questions under the senate rules. While there is no real opposition to the war revenue bill, it appears probable that there will be some discussion of it as an easy means of delaying consideration of the subsidy bill. If there is opportunity the subsidy bill will be taken up, but it is not expected that anything more definite will occur in this connection during the present week than the making of speeches. The Indian appropriation bill received attention after the conclusion of Mr. Towne's speech.

Week in the House.

Washington, Jan. 28.—The week in the house is likely to be monopolized by appropriation bills. Seven of the 14 general appropriation bills have already passed the house, namely, the legislative, executive and judiciary, pension, military academy, Indian, naval, river and harbors and District of Columbia bills. Three others, the post-office, agricultural and fortifications bills, have been reported to the house, and the remaining four, the army, consular and diplomatic, sundry civil and general deficiency, are still in the committees having them in charge.

Cathedral Dedicated.

Covington, Ky., Jan. 28.—The new St. Mary's cathedral was dedicated here. There was an early service in the old St. Mary's cathedral, after which the imposing pilgrimage began toward the new cathedral. Archbishop Elder of Cincinnati dedicated the new cathedral, assisted by the hierarchy, clergy and seminarians. Bishop Maes of this diocese celebrated the first mass, assisted by visiting clergymen. Bishop Spalding of Peoria preached the dedication sermon. The musical program included the Cincinnati Symphony orchestra and a chorus of 300 voices from Cincinnati, Covington and Newport.

Emperor Bill Honored.

Cowes, Isle of Wight, Jan. 28.—Emperor William received from the hands of the Duke of Connaught, his sword on his appointment as a field marshal of the British army, in the presence of the households of King Edward and the dead queen, as well as a number of British and German naval officers. His majesty expressed great delight at the appointment. He will entertain King Edward and the members of the royal family at tea on the imperial yacht Hohenzollern.

Herring Fishery a Failure.

St. Johns, N. F., Jan. 28.—The frozen herring fishery in Placentino bay will be a total failure. The prospects of loading the American fishing fleet have been destroyed by the soft weather and by a succession of rainstorms. Very few Gloucester vessels have been able to secure cargoes, and these only by paying large figures. At the present time herring bring \$4 a barrel, four times the usual price. American ship-owners will lose heavily.

Verdi Eulogized.

Rome, Jan. 28.—The session of the Italian senate was devoted to eulogies of Verdi by the president of the senate and Signor Saracco, the premier. "The death of Verdi," said the premier, "has caused universal sorrow in Italy, a sorrow felt from the royal palace to the lowliest cottage in the capital, and from Rome to the humblest hamlet in the country. The government joins in these sentiments."

THOUSANDS DEAD

As the Result of a Famine in a Chinese Province—Important Editor.

Peking, Jan. 28.—There has been great distress in the province of Shan Si owing to the famine, and thousands have died. The court has ordered rice relief to be issued in large quantities. A report reached the foreign envoys that native Christians, suffering from famine, were to be discriminated against and to be punished if they even begged for food. Mr. Conger, Sir Ernest M. Satow and Mr. Pinchon, the United States, British and French ministers, protested to Prince Ching and Li Hung Chang against such discrimination, and the court issued an edict ordering all relief officials and Chinese soldiers to treat Christians exactly the same as others throughout the empire under penalty of decapitation. The foreign envoys consider this a most important decree if it is carried out.

Increased Capitalization.

Chicago, Jan. 28.—At a special meeting of the stockholders of the Illinois Central railway, the capital stock of that system was increased \$8,000,000, making the total capitalization \$66,000,000. The new stock is to be used for the purchase of new equipments for the road and other improvements, including the construction of additional second tracks and terminal facilities, reconstruction of several bad grades and other corporate purposes. A large part of the \$8,000,000 will, it is said, be spent in the improvement of the terminal facilities at New Orleans. It is the intention to erect a grain elevator at that point with a capacity of 1,000,000 bushels. Much money will also be spent in the extension of the warpage and shipping facilities at New Orleans.

Postmaster's Appointed.

Washington, Jan. 28.—The president sent to the senate the following nominations for postmasters: West Virginia—J. J. Flannigan, Salem; Kate Helmick, Thomas. Indiana—Joel W. Hamilton, Eaton; Louis T. Bell, Flora; Alva T. Hart, National Military Home; William E. Fox, Waco. Ohio—Lester Crittenden, Burton; T. E. Bunnington, Malta; George E. Reed, Prairie Depot; Orrin W. Curtis, Swanton. Louisiana—Ferdinand Earhart, New Orleans. Texas—Austin M. Robins, West. Oklahoma—W. B. Shaddock, Mangum. Tennessee—Joseph C. Hale, Winchester.

Neely Starts For Cuba.

New York, Jan. 28.—Charles W. F. Neely, the former postal official who was ordered extradited to Cuba for trial on charges of embezzlement, left Ludlow street jail Saturday and was taken aboard a steamer for Cuba. Neely seemed to be in the best of spirits on leaving jail, where he had been confined since May 22. He said to one of the wardens: "I am glad I am going back to Cuba, because I can readily explain everything away and will be acquitted."

Weekly Bank Statement.

New York, Jan. 28.—The weekly statement of averages of the associated banks shows: Loans \$841,367,300, increase \$10,493,000; deposits \$937,423,000, increase \$15,635,800; circulation \$31,253,200, increase \$280,000; legal tenders \$73,445,000, increase \$394,400; specie \$191,710,200, increase \$7,057,400; total reserve \$265,155,200, increase \$7,451,800; reserve required \$233,355,750, increase \$3,908,950; surplus reserve \$30,799,450, increase \$3,542,850.

Watchman Weltering in Blood.

Colorado Springs, Colo., Jan. 28.—The Rio Grande freight depot in this city was destroyed by fire. Watchman L. C. Wells was found dead in the building lying in a pool of blood with a revolver near his right hand. It is suspected that he was killed by burglars, who then fired the building. The loss on the building is estimated at \$5,000. Much freight, the value of which is not yet known, was also destroyed.

Thompson to Be Extradited.

Washington, Jan. 28.—The attorney general having found the application of the governor of Michigan for the extradition of Charles F. Thompson to be in proper form, the papers for the return of Thompson to Detroit for trial on a charge of forgery have been forwarded to Governor General Wood at Havana. It is not known whether or not Thompson has been arrested.

Assassinated.

Williamsburg, Ky., Jan. 28.—James Walden, who lived on Pine mountain, south of here, was shot from ambush while reading a Bible before a fire at his home. He was instantly killed. The assassin made his escape.

Decapitated.

Washington, Ind., Jan. 28.—Henry Heler, a coal miner, 70, was run down by a train seven miles east of this city. His head was completely cut off by the wheels, and it rolled down the embankment.

CAUSE ANOTHER TIE-UP

Would a Demand For a Further Increase of Wages at This Time.

ANTHRACITE MINERS STIRRED UP

Reports From Indianapolis That a Conference May Be Called to Decide Upon a New Wage Scale.

Wilkesbarre, Pa., Jan. 28.—The anthracite coal operators and miners of this section were much stirred up by the reports sent out from Indianapolis that the United Mine Workers had decided to invite the operators of the anthracite region to meet the miners in conference and decide upon a new wage scale, which would call for an advance of 10 per cent over the wages paid at present. Many think that this is a forerunner of another strike in the hard coal regions, as it is believed the operators will not consent to meet the miners in conference. Even if it were the only obstacle a demand for a further increase in wages would probably be sure to bring about a lockout.

Nearly all the district leaders of the United Mine Workers in the Wyoming valley are now in attendance at the Indianapolis convention. Charles Thain, a district organizer, said: "I believe the operators would meet the men in conference. Conditions are different now than they were last fall, when the big strike was ordered. Then the strength of the miners' organization was unknown to the operators. Now they are well aware that the men in the anthracite region are just as well organized as the miners in the bituminous region, and that it would be useless for them to protest."

Demands of the Miners.

Indianapolis, Jan. 28.—The demands to be made by the delegates to the national convention of the United Mine Workers of America at the joint conference with the delegates from the Interstate Operators' association, to be held in Columbus, O., this week, will include, first, an absolute single standard or run-of-mine basis to cover the entire competitive field, composed of Indiana, Illinois, Ohio and Pennsylvania. To this will be added a demand for a general advance of 10 cents per ton over the present mine-run prices in the different districts.

Strike Ordered.

Erle, Colo., Jan. 28.—At a mass meeting of miners employed in the northern coal district it was decided that all men who have been at work in the mines that had granted the increase demanded by the strikers should quit work and remain out until a settlement is reached with the Northern Coal company and the increase demanded is granted to all miners in the district. This will effect the most complete tie-up the district has ever experienced.

Ruhlin Arrives.

Cincinnati, Jan. 28.—Gus Ruhlin, accompanied by his manager, Billy Madden, arrived here and at once repaired to his training quarters at the Country club, near this city. They will remain there until the fight with Jeffries, Feb. 15. "Denver" Ed Martin, who is matched for the 10-round bout with Frank Childs of Chicago for the colored heavyweight championship of America on Feb. 15, for the preliminary bout, accompanied Madden and Ruhlin to the Country club and will remain with them there in training.

Free Speech Not Involved.

San Francisco, Jan. 28.—A committee appointed by the alumni of Stanford university to ascertain the reasons for the enforced resignation of Dr. Edward Ross, head of the department of social science, last November, has completed its labor. The report sums up the controversy with the conclusion that the action of Mrs. Stanford in asking the dismissal of Dr. Ross involved no infringement of the right of free speech.

Big Whisky Deal.

Chicago, Jan. 28.—One of the largest sales ever made to a jobbing house in the history of the whisky business was made by the Chicago representative of a Lexington (Ky.) firm to a Chicago concern. The deal involved 8,600 barrels from and including the products of 1892 up to 1900, outlay, including revenue taxes of over \$600,000.

Fatal Freight Wreck.

Knoxville, Jan. 28.—In a freight wreck on the Atlanta, Knoxville and Northern railway at McFarlands, Tenn., J. W. Collette, fireman, of Limestone, Tenn., and B. D. Felmet, engineer, of Friendsville, Tenn., were instantly killed.

The Boss Mason.

Milwaukee, Jan. 28.—George P. Gubins of Chicago was elected president of the Bricklayers' and Masons' international union of America.

PHILIPPINE PARTICULARS.

Natives Who Insist on Fighting For Freedom Can't Hold Office.

Manilla, Jan. 28.—The Philippine commission has passed the act declaring persons in arms against United States authority, or aiding or abetting the insurgents after March, ineligible to hold office. A bill has also been enacted regulating the hours of labor and leaves of absence of civil service appointees. The measure requires six hours work daily and provides free transportation for American employes from San Francisco, with half salary from day of embarkation. General Funston reports that 30 of his men near San Isidro killed five insurgents. Later the same detachment engaged 30 insurgents under Tagunton, the notorious leader and assassin. Tagunton was killed while trying escape.

Indians Ugly.

Bristow, I. T., Jan. 28.—Major C. W. Little, "Pawnee Bill," with a posse including Captain Edmund Harry of the Creek light horsemen, United States Marshals Dean, Hogan and Churchill and Indian police Keyes, Howell and Saunders, visited the hostile Creek stamping ground six miles south of this place. The Indians were there, holding a big feast, and refused the posse admittance and declined to confer with them in any manner. A telegram has been received from Marshal Bennett authorizing the mayor and council here to arm and swear in all able-bodied citizens to protect their property until soldiers could be sent here from Henrietta.

Battle With Moonshiners.

Jackson, Ky., Jan. 28.—In a bloody battle with moonshiners on Elkhorn creek, on the Letcher and Pike county line, United States Marshal Tom Hollifield and Possemen Simon Combs were killed and Blaine Combs was captured by the moonshiners. Rufus Wootton and Ambrose Amburgey, other members of the posse, were shot and wounded. Hollifield had long been a terror to moonshiners and was one of the bravest men in the service. In a battle with moonshiners several years ago three of his posse were killed, he being the only one to escape.

To Quell the Creeks.

Muskogee, I. T., Jan. 28.—United States Marshal Bennett with six deputies and Constable Hubbard, United States Commissioner Hanson and T. W. Gulick, left for Henrietta, 60 miles distant, where they will join the troops sent to quell the Creeks. They will go overland and take a campaigning outfit, commissary, 20 winchesters and plenty of ammunition.

Mistaken For a Burglar.

New Orleans, Jan. 28.—Michael Fanning packed his grip and announced to his family that he was going away on a short business trip. After leaving his wife he changed his mind and returned home at midnight. He had hardly entered the house when he was mistaken by his eldest son, Frank Fanning, for a burglar, and seriously, if not fatally, wounded.

Prominent Banker.

Marietta, O., Jan. 28.—Samuel B. Kirby, 60, a leading citizen of Marietta, a banker largely known in Ohio and the east, is dead of heart trouble.

Dangerous Blaze.

Washington, Jan. 28.—Fire broke out in a small room on the first floor of the old portion of the building occupied by Willards hotel, and which adjoins the new structure now in course of construction. The flames were confined to this room and the halls immediately adjoining, and the property loss will not exceed \$5,000, but a half hundred guests, including several congressmen and their wives, were badly frightened. All, however, managed to escape in safety.

Verdi's Death.

Milan, Jan. 28.—Although preceded by a struggle for life that lasted two days, Verdi's death, when it came on Saturday, was peaceful. He did not regain consciousness. When he passed away he was surrounded by relatives and intimate friends. The announcement of his death created great emotion. Theaters, pleasure resorts and many stores were closed, and nearly all the prominent residents were draped in memory of the great composer.

Burned by the Reds.

Guthrie, O. T., Jan. 28.—Reports received here at the United States marshal's office say that the home of John Bertram, a ranchman, living 16 miles east of Bristow, I. T., was burned by belligerent Snake Indians. Governor Barnes has received a third request from Sheriff Tilghman of Lincoln county for two militia companies.

Bolivia Will Accept.

Lima, Peru, Jan. 28.—It is reliably asserted that Chili has made new and peaceful proposals to Bolivia on very favorable bases, and that Bolivia is disposed to accept them.

HATCHETS AND VOTES.

She Says, Will Clean Up the Whisky Traffic in Bleeding Kansas.

MRS. NATION APPEALS TO THE PUBLIC

Wants Women to Aid in Joint Smashing and the Men to Employ the Hatchets.

Topeka, Jan. 28.—Mrs. Carrie Nation addressed large audiences at the United Brethren and First Christian churches in this city. She simply told the story of her work and how she had come to start on the crusade. "It is a pleasure," she said, "to speak here. Usually I am prevented from talking by the proprietors of these murderous whisky shops. This issue in Kansas is, 'down with the whisky trust.' The best rocks to throw are votes. We women can not vote, but you men with your ballots and we women with our hatchets will clean up this awful traffic."

An attempt is also being made to have Mrs. Nation speak to the legislature on the subject of temperance. Mrs. Nation says she will not attempt to break up the joints in Topeka single-handed, but if the women of the town will aid her, she will at once start out "joint-smashing."

Mrs. Nation Clubbed.

Topeka, Jan. 28.—Mrs. Carrie Nation caused a great flurry among the "joint" keepers of Topeka and was roughly handled by a mob. The newspaper men volunteered to pilot her around. She said she did not wish to begin a smashing crusade, but wanted to talk to the "jointists." The keepers of the saloons had been apprised of her coming and intentions, and when she arrived at Ed Meyers' saloon she was confronted by the wife of that individual, who rained blow after blow upon her head with a broomstick. A hostile mob soon gathered and Mrs. Nation was rescued by the police.

Tompkins to Lentz.

Columbus, O., Jan. 28.—Emmet Tompkins, the successful candidate for congress in the Twelfth Ohio district, has replied to the charges brought by John J. Lentz, his defeated competitor, that his victory was due to the fraud and unlimited use of money by the Republican managers in this county. He says in part: "The egotism displayed in the second paragraph of your charge is unbearably excessive. You say, in substance, that a large corruption fund was raised outside of the district and sent in here to defeat you because certain Republican leaders connected with the national administration feared the effect of certain exposures you would make. If you have such information why do you not yield it? You are still a member of congress." Mr. Tompkins enters a denial to each of the allegations made by Mr. Lentz.

Noted Confederate.

Liberty, Mo., Jan. 28.—T. Chandler, 68, died at his home here from a stroke of apoplexy. He was born in Louisa county, Va. He served through the civil war in the Confederate army, engaging in the more important battles in Tennessee and Mississippi, and was adjutant under Colonel Robert McCulloch and later under Colonel E. W. Rucker. He was for years trustee of William Jewell college at Liberty and had served in the state legislature.

Sheriff Shot.

Virginia City, Mont., Jan. 28.—Sheriff James Summers of Madison county was shot and killed in Morgan Gulch by John Wolf. Wolf was accused of looting the cabin of a sheep herder, and Summers went to serve a search warrant on him. A posse of citizens, headed by Sheriff Charles Hill, left here to capture Wolf, who is but 18 years old. Indignation is high and Wolf may be lynched if captured.

Scoundrel a Sued.

Hilena, Mont., Jan. 28.—Suit has been commenced against Senator Clark and his son to recover \$9,750 for services in gathering evidence for Clark's side of the investigation by the United States senate committee. Harry Ringwald of Great Falls is the plaintiff. He alleges that Clark agreed to pay him \$10,000, and he received but \$250.

Once an Ohio Congressman.

Somerset, O., Jan. 28.—Hon. William E. Finck, 78, formerly a member of congress, died at his home here. His son, William E. Finck, Jr., has served in the Ohio senate and is at present a member of the Ohio house.

The balance of trade in favor of the United States increased from \$5,654,309 in 1900 to \$648,988,738 in 1900, and is the largest favorable balance any nation has ever had in its foreign commerce. Commenting on this fact, the Philadelphia North American well says: "That this phenomenal development has been made without the aid of shipping bounties disposes of the assertion of the promoters of the Frye subsidy scheme that American commerce needs a government tonic to prevent it from going into a decline."

Here is Hanna's measure: "Whatever else may be said of this man Hanna," remarks the St. Louis Republic, "it must be confessed that he is the incarnation of commercialized politics. It is his creed to reach out for everything in sight. Then, if he cannot get all he wants, he will take what he can get. The amended ship subsidy bill will work grievous injury to the American people, but Hanna will finally secure its passage. And then, with the people suffering under its vast tax burden, the great boss will damn the American Congress that it was not willing to make the burden even more oppressive, as he at the first demanded."

THE CASE OF GIBSON,

The Child Murderer, Will Be the First Taken Up By the Boyd County Grand Jury.

The Gibson child-murder case comes up at Catlettsburg this week. Court was convened by Judge Kinner this morning. The first case that will be taken up by the grand jury will be that of Gibson.

County Attorney Frank Brunning says he has evidence sufficient to indict Gibson for murder in the first degree. It has been reported that other persons would likely be indicted as accomplices, but this is denied by the County Attorney. He says the evidence is conclusive and the grand jury will not be long in returning a bill.

As soon as the indictment is returned Gibson's case will be called and rushed to trial. Judge Kinner will grant no continuance unless the attorneys have just cause.

There has been speculation as to whether Gibson would be taken back under military escort, but Sheriff Fields says positively that he or his deputy will take the prisoner back.

The lynching fever at Catlettsburg has considerably subsided, it is said, but Gibson's presence may intensify the feeling.

A Concise Business Proposition.

Let us derive mutual benefits from this spell of sharp wintry weather. It may be that many of you, owing to the continued mild winter, held off buying heavy

Overcoats and Ulsters

until now. It would be very advantageous to us to sell a lot of them before we put away our winter stock. It will be equally, if not more, advantageous to you to buy one. To sell them for CASH we will, during the remaining days of this month,

Cut the Price

Our stock-reducing sale, the most successful we ever had, continues until we have reduced our stock to normal proportions.

Mr. Arthur Davis is recovering from a severe case of the grip.

Take a cup of Arbuckles' Coffee and a cup of the "cent-a-pound-cheaper" kind. One taste of each will prove to you that the reason Arbuckles' costs a little more is because it's worth more. It's selected with greater pains, roasted with greater care, packed with greater skill. It comes to you as fresh as when it left the roaster. Not a particle of its strength or flavor lost. Cheap coffee lacks both strength and flavor.

ARBUCKLES' Roasted Coffee

is cheaper in the end than other coffees because it makes more cupfuls to the pound and gives far greater satisfaction.

With each package of Arbuckles' Coffee you purchase a definite part of some useful article—which is yours on presentation to our Notion Dept. of a certain number of signatures cut from the wrappers. You'll find a list of the articles in each package.

WOMEN'S

...Skirts!

Concerning odd lots at reduced prices. We did a great Underskirt business this season and it's not over yet because we expect a heavy response to this announcement of price cutting. You appreciate real economy, don't you? Then share in this. Six weeks ago these Skirts would have been just double the price. Not a penny too much for them either. You don't have to be told that grass is green, that sunlight is bright, that ice is cold, and when you see them you won't have to be told that these skirts at the price are bargains, large and infrequent. Colored petticoats. Just as near as cleverly-treated cotton can approach the appearance of silk is the fabric of which they are made. The colors exactly echo the silks and there's a sheen in the finish that makes the resemblance very striking. \$4.50 to \$2.75 was the price. Now any skirt in the assortment for \$1.75. Green, red, blue, several helios, e-rise, one black with luminous silver stripes.

Pleatings, cordings, ruffings, all the pretty trimmings of up-to-date Underskirts.

Handsome mercerized black Petticoats of the kind and style you know all about but at an unfamiliar price, for never have we had such quality, even in our very best (flairs, to call for \$1.19. You'll have to almost double our price to reach our quality anywhere else.

THREATS

Do Not Constitute Sufficient Cause For Killing Another, in Self Defense.

FRANKFORT, Ky., January 25.—The Court of Appeals to-day in the case of Rudert, from Grayson, decided that to justify a killing in self-defense the danger to the slayer must be present then and there, and not a danger or a threat that is to take place in the future.

Rudert was told by the man he killed that he was going after a gun to kill Rudert. On this showing of facts the lower court gave an instruction of self-defense, under which Rudert was acquitted. Although Rudert goes free, and cannot be again tried, an appeal was taken to have the higher court to certify the law under such circumstances, which is done as above.

There is no improvement in Mr. John Slitts' condition. He is critically ill.

QUARRELED OVER POLITICS.

Deputy Sheriff James Stockdale of Mt. Sterling Fatally Shot—Was a Brother of Mr. W. A. Stockdale.

Mt. Sterling, Ky., Jan. 26.—Deputy Sheriff James Stockdale and Wm. Morton, a farmer, engaged in a pistol duel to-day in Gibbons & Withrow's saloon. Seven shots were fired. Stockdale was shot in the head and through the body and his wounds are thought to be fatal. He was taken to Lexington to have an operation performed.

Morton escaped with a scalp wound and a ball through the arm. He is not seriously hurt. He is in jail pending the result of Stockdale's wounds.

The shooting was the result of a quarrel over the approaching Democratic primary for State Senator. Both men are active Democrats and have a large following.

Lexington papers state that Stockdale died there as a result of his wounds. He was a brother of ex-Policeman W. A. Stockdale of this city.

Joseph Conway, aged sixty-eight, died suddenly at his home in Bourbon. He leaves one sister, Mrs. Anna Osborne, of Kansas City, and a brother, John Conway, of Marshall, Mo. His brother Frank Conway, and wife, were horribly murdered by a negro named Craig at Kiserston in July, 1891, and another brother, James Conway, of Millersburg, died two years ago. A singular coincidence is that the three brothers died suddenly and on Sunday.

Brought Good Fortune.

A small item in his own paper lately brought amazing good fortune to Editor Chris. Reitter, of the Saginaw (Mich.) Post and Zeitung. He and his family had the grip in its worst form. Their doctor did them no good. Then he read that Dr. King's New Discovery for Consumption, Coughs and Colds was a guaranteed cure for a gripe and all throat and lung troubles; tried it and says: "Three bottles cured the whole family. No medicine on earth equals it." Only 50c. and \$1 at J. Jas. Wood & Son's drug store. Trial bottles free.

Durrett, of Covington, for \$250, which was paid to Hallam by the Auditor as Allen's fees and costs in the contested election case of Allen vs. Collony, of Covington. Allen said he never authorized Hallam to collect the \$250, sued the Auditor and secured judgment. Now the three attorneys are required to pay the \$250 to the Auditor.

The illustrated sermon on "The Man of Galilee," by State Sunday School Evangelist Hopkins, attracted a very large audience to the Christian Church last evening. The stereopticon views were unusually fine, embracing the principal events in Christ's life. Mr. Hopkins goes to Flemingburg to-day to give a series of talks. He is to devote most of his time to work in the mountains of Kentucky, organizing Sunday schools and aiding in the establishment of churches.

Dramas dealing with stage life are comparatively few in number. "David Garrick" has long been popular. "Trelawney of the Wells" is one of the more recent successes of this character. Plays within plays have been numerous since Shakespeare wrote "Hamlet" and introduced this idea. Both of these devices were made use of by Alexander Dumas in "A Royal Box," Charles Coghlan's adaptation of which will be given with Andrew Robson in the leading character at the opera house here Feb. 6th.

Elder Bowen, of Bellevue, has accepted a call to preach the coming year at the Christian churches of Augusta, Brooksville and Minerva.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

"Many of the close observers of the breaks were of the opinion the price for old was a shade better. There certainly was better competition for tips and medium red fillers. The former were several bids higher, and the latter were in better favor with the buyers of this sort than a week ago. The good to fine grades of fillers and cutters were steady and strong at last week's quotations, though prices bid for them were not higher. The same may also be said of old bright lugs and trashes.

"The impression of many of the sellers of new was that the market for the same was easier. The average price for the 1,286 hds of new tobacco sold, however, was higher than for 1,105 hds. sold the previous week. While there were a greater number of hogheads sold from \$10 to \$14, there were proportionately more hogheads selling from \$8 to \$10. The better sorts of new leaf may not have pressed upon outside prices so closely for the previous week. Trashes and lugs of good quality were stronger in the bidding and perceptibly higher. The common and nondescript sorts show practically no change in the demand nor in prices bid for them."

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

Editorially, the State Capital, published at Guthrie, Oklahoma, pays this tribute to the late Samuel B. Wadsworth: "The funeral rites of the late Sam Wadsworth, of Perry, were in every respect fittingly tributary to the memory of so exceptional a gentleman and friend. Mr. Wadsworth was in the 'flower of manhood.' He was a model of honesty, affability and fidelity. He never deserted a friend or mistreated an enemy. His presence was sunshine, his companionship rich and enjoyable. Though he had never been in public life, but few public men were better known and more respected in this part of the territory. He made friends and admirers of all with whom he came in contact and in his death not only Perry, but the territory at large, loses one of her most respected and public-spirited citizens."

One of the many sporting books published is the "Police Gazette Annual and Pugilistic Record" for 1901. It has just been issued for this year in a vest pocket size and contains important records bearing upon all branches of sport. The pugilistic record includes the battles of every prominent pugilist now before the public, names of his opponents, locality, dates and decisions. This is a big 10 cents' worth of information.

IF YOU WANT TO HELP BUILD UP THE TOWN

Induce your friends to patronize the manufacturing concerns already established here. If there is one institution more than any other that the citizens of this section should encourage with their patronage, it is the **JAMES H. HALL PLOW COMPANY**, whose fame extends even to South America and Mexico. This firm's long and honorable career should win for them a large local trade. There is no need to buy Plows of a foreign make when implements of such worth are turned out here at home. Nothing but the best material is used in any of their products,

and the models are of the latest and most improved styles. No Plow is allowed to leave their works which is not only perfect in make, but superior in workmanship and material, and prices are as low as the same quality can be furnished by any other Plow factory in the United States. Another advantage that should not be overlooked is the fact that repairs can be quickly supplied, obviating the necessity of long waits, so often the case when using plows of foreign manufacture.
